

## Accreditation summary template

### National summary statement about the accreditation process

*The accreditation process involves a rigorous assessment of an initial teacher education (ITE) program against a set of nationally agreed standards. Accreditation standards and procedures are designed to ensure that all graduates of ITE meet the Australian Professional Standards for Teachers at the Graduate career stage. This ensures the program is of high quality and prepares pre-service teachers for the teaching profession. The process also includes an assessment of a provider's quality assurance and continuous improvement mechanisms, as well as ensuring that the provider has a nationally endorsed teaching performance assessment which all graduates must successfully complete.*

More information on the accreditation process may be found at: <https://www.aitssl.edu.au/deliver-ite-programs/standards-and-procedures>.

<b>Jurisdiction</b>	Teachers Registration Board of SA
<b>Provider</b>	University of Adelaide
<b>Program title</b>	Bachelor of Teaching (Middle) / Bachelor of Mathematical and Computer Science
<b>Program type</b>	Undergraduate
<b>Program duration in equivalent full-time student load (EFTSL)</b>	4 years
<b>Minimum program duration</b>	4 years
<b>Stage of schooling</b>	Secondary
<b>Mode(s) of delivery</b>	Face to face and blended learning
<b>Campus location(s)</b>	North Tce, Adelaide
<b>Date of current accreditation</b>	07/12/2018
<b>Accreditation outcome</b>	Approved
<b>Accreditation expiry date</b>	31/12/2023

**Program description and rationale**

The **Bachelor of Teaching (Middle)** program prepares students for teaching in middle schools between the Years 7 to 10. It incorporates 80 days of supervised teaching in South Australian schools.

Students studying a Bachelor of Teaching (Middle) with Bachelor of Mathematical and Computer Sciences will:

- Build expertise in teaching areas in Mathematics and/or Digital Technologies and/or another approved teaching area.
- explore education issues, curriculum and practice relevant to the middle school years
- work with inspiring teachers and researchers
- gain professional experience and connections through extensive school placements.
